COMPLETE BEFORT. Padueah, Ky., July 5. To the Honorable Mayor and Common Coun

Bentlemen-Your committee appointed at the last regular meeting to aquire into the complaints entered against John Francis, overseer of the chain gang, with instructions to report the result of our Investigation with such recommendation as may seem proper, begs lenve to make the following report:

The complaints entered against Mr. Francis were made verbally by Conneihuan T. P. Carter, chairman of the street committee, and were four in unmber, viz: Incompetency, failure to properly manage prisoners while at work, disregard for the interest of the city, and carelessly permitting prisoners to escape. The investigation was held in the council chamber, beginning at 10 o'clock a m. on June 22 and continuing two days. Mr Francis was duly notified and was present to defend himself, and to ask any questions he might desire of the witnesses and to introduce any witnesses he, wished for the defense. The 'infestigation ans with open doors.

After hearing the swbrn statements of Capt. T. P. Carter, Street Inspector J. W. Cosby, R.C. Noble, 1. Il Miles, Luckup Keeper Harry Kellar, Marshal Jss. Collins, Mr. Francis, hunself, and Bob Barnhart, Mr. Francis announced that he had no other witnesses to offer and the investigation closed.

After carefully reviewing all the offection of \$95 was rend, received evidence, your committee is ananiin as in the opinion that Mr. Francis lacks some of the elements necessary in the make-up of a strictly compeent overseer of the chain gang.

This may be attributable to his goodness of heart and undue lentency o the prisoners while at work. We are of the opinion that for the last two or three months prisoners have eat been properly managed by him while at labor, and that the city's inerests have suffered thereby. and that an unusual number of prismers have escaped within the last two months, several of them with shackles or ball and chain on.

We walld recommend that the urther services of Mr. Francis as verseer of the chain gang be dis-

We would further recommend that the order of the conneil which now requires all prisoners to be shackeled or creater of the chain gang as to who shall be shackeled or made to wear ball and chain.

Fiecal court came to a halt on the steam heating question this morning It appears that the bone of contention is a lad sent in by Mr. Ed.
